## **SCHEDULE:**

**FRIDAY, September 8, 2017:**

**NOON: Check-In & Meet** Dr. Gary Buchanan with SONA Colleagues, Dr. Karl Maret, Master Yukinori Matsushita, and Bruce Kanzelmeyer. - I.C.C. Chancellery and Chapel, 643 Ralston St., Reno, Nevada.

**Scheduled Presentations from 1:00 until 5:00 PM (*with breaks & refreshments*):**

**Bruce Kanzelmeyer:**

***A Practical Approach to Musical Scale Experimentation***

The "Law of Octaves;" "The Overtone Series;" "The Name of God;" and the birth of "Yin and Yang." Color is discussed as Acoustic Frequency; establishing Fundamentals in Musical Scales; the "Solar Cross" as a guide to musical scales; and, how participants can begin working with sound and given outlines on basic tools available for their personal use.

**Master Yukinori Matsushita:**

***Japanese Tradition and Cosolargy®, Part II:***

***How Japanese Culture Blends with Cosolargy®.***

Referencing the sacred *Koto-Dama*, how Japanese employ Consciousness, and by extension the Arts, Sciences and Techniques of Cosolargy, in DO, or "Tao" or "Dao" practices.

The Way of the Solar Adept in Taoism is explored, including Sa-Do (tea ceremony), Ka-Do (flower arranging - *ishiban*), Aiki-Do (martial arts), and how simple forms of action may be turned into conscious DO-nization of our daily activities. Master Matsushita will discuss how all such ancient techniques were/are used to guide us in the *Way to God* and how DOs were originally intended to develop higher Consciousness.

Primarily, Master Matsushita will explain how the Cosolargy Community in Japan is developing liturgical services (and musical litanies) based on Japanese culture. Bishop of the Community of Light in Japan, he will speak on the secret Japanese technique, in connection with Cosolargy®, called "Ku-ji." Ku-ji employs nine syllables in a variety of mantras within the Mikkyo scholarly tradition.

**Dr. Gary Robert Buchanan:**

***Cymatics, Sonotherapy®, and Cosolargy®: Archetypal Images of Sound & Light.***

**This is a more in-depth presentation of the well-received concluding talk Dr. Buchanan recently delivered to the International Light Association Conference in Fort Lauderdale, Florida (May 3, 2017).**

**"By way of the science of Cymatics we are able to view the geometry of sound – in a dish of water, on a vibrating diaphragm with pastes and/or particulates, or in formations of the natural world. Rev. Dr. Buchanan's presentation will include photographs and videos of such wave front images. Participants will learn about the history, research, and development of Cymatics and what specific frequencies and combinatorial arrays are being employed in his research.**

**"Cymatic Therapy was developed by Sir Dr. Peter Guy Manners in England during the last century and practiced at his holistic clinic in Evesham. His longtime colleague Dr. Buchanan, at Manners' request, has taken the technology forward with Sonotherapy®, a more comprehensive and empirical approach in applying Wave Front BIOresonance™ to individuals using light, color, sound, water and subtle energies in treatments. Participants will learn what frequencies and Synergetic wave fronts, harmonic and coherent, of both sound and light are being employed, what case studies indicate, how the visceral waters of the body and quantum fields are affected, and how this technology is, indeed, the 'medicine of the future.'**

**"Cosolargy® International, established in 1962 and the "parent" of Sonotherapy®, has been introducing students of the Jamilian University to the arts, sciences, and technologies of "The System of Cosolargy®" via a global training program since its inception fifty-six years ago. "The System" incorporates sun-gazing (photo-syntonics); light, sound and color irradiations; and activation of the third-, fourth-, and fifth-dimensional fields, all of which lead to increased absorption of Information Factors contained in the solar and cosmic fields and within the planetary environment. Not only are the color force centers (chakras) of the individual strengthened, but proper application of solar techniques can lead to the development of higher Consciousness, Intellect, Being, and Form. This is the Light Body, Buddha Body, Christ personage, the Purusha of the Vedas, the Golden Man of Taoism, the Man of Light in Zoroastrianism, the Adept of Shinto, etc., and the entity escribed in numerous ancient global civilizations within their spiritual traditions.**

**"Solar-Cosmic Information Factors are contained within wave fronts of Light, which are also vibratory Sound. Such emanations are the archetypal, sacred geometric formations that provide life to all of existence. Participants will learn how The System of Cosolargy®, Cymatics, and Sonotherapy® are inextricably linked as symbiotic phenomena within the new Paraphysics."**

**FRIDAY EVENING (7:00 - 9:00 PM): Scheduled Therapy Sessions (Apply for Appointments at 775-385-6600) Transportation from and to lodging at Circus-Circus Hotel is provided for registered attendees.**

**SATURDAY, September 9, 2017**

**Optional:** Communion of Fellowship, Chapel of the Holy Child (10:00 - 11:00 AM)

**Free for Lunch**

**AFTERNOON FORUM: Cymatic Therapy, Sonotherapy® & Vibrational Healing. 2:00 to 5:00 PM (with breaks & refreshments), Steamboat Healing Center Classroom.**

**Dr. Karl Maret:**

***Resonances & Vibrational Healing***

**Dr. Maret is a lifetime researcher in vibrational healing technologies and an inventor of application systems and devices. His knowledge of bioresonant frequencies, environmental pollution, analog versus digital wave fronts, the subtle effects of cosmic energies upon the entity, and the fundamental benefits of Sonotherapy® and acoustic and light-color entrainments is extensive and will serve well for an introduction to the Saturday afternoon forum and therapeutic talks/demonstrations.**

---

**Dr. Gary Robert Buchanan, Dr. Karl Maret, and Master Matsushita will be discussing and demonstrating Cymatic Therapy and Sonotherapy® understandings and clinical applications. Participants may experience first-hand these unique and revolutionary approaches from longtime colleagues of Dr. Peter Guy Manners and practicing therapists.**

**SATURDAY EVENING (7:00 - 9:00 PM: Scheduled Therapy Sessions (Apply for Appointments at 775-385-6600)**

**SUNDAY, September 10, 2017**

**Optional Divine Sunrise Service (With Guest Approval) Red Rock Consecrated Sanctuary (6:30 AM)**

**Open-Air Breakfast (7:30-9:30 AM) Optional (With Guest Approval) Second Advent Counsels (Monastery Gardens Presentation: Rt. Rev. Gene Savoy, Jr., 10:00-11:00 AM)**

**Optional LAKE TAHOE EXCURSION (2:00 - 6:00 PM)**

**PRESENTORS:**

## ***DR. KARL MARET:***

Karl Maret, MD, President of Dove Health Alliance, member of the Wisdom Council for the International Society for the Study of Subtle Energies and Energy Medicine (I.S.S.E.E.M.), and member of the Council of Biofield Scientists, among other institutions, will be presenting Saturday, September 9, on *Frequencies, Resonances & Vibrational Healing.*”

Cosolargy International is pleased to present our longtime SONA colleague, Karl Maret, a global leader in the practice of Complementary and Alternative Medicine (CAM). His numerous credentials include an MD from Toronto University, a Masters in Biomedical Engineering, a Bachelors in Electrical Engineering, and a four-year post doctoral fellowship in pulmonary physiology at UCSD while developing biomedical instrumentation for the successful 1981 American Medical Research Expedition to Mt. Everest. He lectures extensively in Europe and America about electromagnetic healing approaches, new water technologies, electrosmog challenges, and new integrative energy medicine therapies. At his Dove Center in Aptos, California he specializes in nutrition, functional and alternative energy medicine. Dr. Maret’s talk is not to be missed!

## ***BRUCE KANZELMEYER:***

Professional Hornist, Ethnic Flautist, and Soloist for over half a century, Educator, and Member of Cosolargy® International for nearly four decades, Bruce Kanzelmeyer has performed with numerous orchestras and ensembles across the U.S. and in Reno with The Reno Philharmonic, The

Foundation Orchestra, The Reno POPs Orchestra, TOCCATA, and other celebrated musical organizations.

Bruce has remained an extremely close friend with Dr. Buchanan in all of his endeavors and has been a longtime supporter of the research and development being accomplished in Jamilian University and at Steamboat Healing Center.

***MASTER YUKINORI MATSUSHITA:***

(Left) Master Yukinori Matsushita with his longtime colleague Sir Dr. Peter Guy Manners, Inventor of Cymatic Therapy. (Right) With Dr. Gary Robert Buchanan in 2011, at a joint lecture in Osaka, Japan, at which time they presented the "Radiation Protocol (Cymatics)" for those affected by fallout from the Fukushima nuclear incident.

Again with Dr. Buchanan at the Cosolargy® Conference in Biwako, Japan (2015).

Yukinori Matsushita worked for two decades with Sir Dr. Peter Guy Manners, Inventor of Cymatic Therapy, at Manners' Evesham clinic in northern England. Yuki was instrumental in the development of Cymatic instrumentation and outreach on behalf of Manners' new and unique vibrational therapy. Later he took the technology to Japan, establishing several clinics, educating and

training practitioners (up until 2008 licensed by Dr. Manners), continuing Cymatic research and developing new applicators and protocols, all while leading a large congregation of his *Community of Light*, Cosolargy International® in Japan, as Bishop.

With a background in science and engineering, Matsushita is also a researcher in semiconductor materials, human factor engineering, Cybernetics, Cymatics, and Cosolargy®. Further, he is an Oki-Yoga teacher, international Speaker, Author and Lecturer, a marketer of innovative products, System Consultant and Developer.

In Kurume, Japan his company, E-MA Sound Bio-Tuning, has carried on the mission of bioresonant healing from Dr. Manners using "Evolved-cyMa Sound" principles. By applying these principles, human abilities may increase and products based on these principles become enhancing devices for users' ultimate health and youthfulness Matsushita's main aim is now teach these methods and principles globally while marketing E-MA products - several of which will be demonstrated during the Sound Forum.
